

Rehberg Hails Goss CIA Selection

WASHINGTON – Montana's Congressman, Denny Rehberg (R), today endorsed President Bush's choice of Rep. Porter Goss (R-FL) to head the Central Intelligence Agency (CIA).

"Porter Goss is a friend of mine. I have tremendous respect for him, both for his character and his patriotism," Rehberg commented. "Since coming to Congress 16 years ago, Representative Goss has built a reputation as a reformer. I think he's the right choice."
